Caramel Tree Readers, United States, 2014. Paperback. Book Condition: New. 208 x 148 mm. Language: English . Brand New Book. The Caramel Tree Readers Level 5 is a delicious series of leveled readers for children ages 7 to 9. With approximately 4,000 words each, the stories provide students the opportunity to expand their reading skills by witnessing character development and more complex plots. These stories expose students to fluent prose, including idioms and colloquial language as well as more complex grammatical structures. What would you do if you had the secret formula to make things grow? Andy accidentally discovers a formula to make plants grow big but soon realizes the potential problems that these could create. Andy and his scientist dad, Dr. Grobig, must find a formula to reverse the growth and restore normality.
