 subject Politics - International Politics - Topic: Globalization,
 Political Economics, grade: 1,0, Indiana University (Department
 of Political Science), course: Politics of International
 Development, language: English, abstract: In the past three
 decades China improved the living conditions of its population
 dramatically and alleviated millions out of poverty. China
 achieved a tenfold increase in GDP since 1978, became the world
 s largest exporter in 2010 and is the second largest economy in
 the world after the U.S. (cf. Central Intelligence Agency 2013).
 Overall, China s rise in the past thirty years has been
 unprecedented in its scale. The following essay will address the
 question of how to explain China s economic success in the past
 three decades (2.2) and in doing so, start out with an analysis of
 its political success (2.1). In a second step, it will be explored if
 China s success is sustainable in the long-term (2.3). 12 pp.
 Englisch.
