Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe. (Derick Brekke)

Note on Fungi from Newton Cap Colliery.--None of our members have, I believe, paid any attention to the Fungi, and it is much to be desired that some one not afraid of honest work, and at a loss for a subject on which to exercise himself, would take up this unwrought field of research. The subject, except perhaps amongst the microscopic forms, would not be beset with any very serious difficulties. The recent publications of the Eev. M. J. Berkeley, the first living authority on this branch of botany, have much smoothed the way for students of the English species. His Outlines of British Fungology, together with the scribes of papers now appearing in the Intellectual Observer, constitutes an excellent guide. The only published memoranda on the Fungi of Northumberland and Durham are, so far as I know, those contained in Winch s Flora, which, of course, are very imperfect, and not at all consonant with the present state of science. Indeed many microscopic forms are there included amongst the Alga? The life-history of the terrestrial Alga³ and their relations to the young forms of Lichens and Fungi is a subject full of interest, and having in it work for a lifetime: a most painstaking and able commencement...
