This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The importance of this question has never been equaled by any subject presented to an American Congress since the formation of our Government. In my opinion, upon its proper solution depends not only the peace and prosperity, but the existence of our country. Differences of opinion in regard to the condition of these States and as to the bestmanner of restoring them to their normal condition in the Union, must be expected. These differences are not merely natural, but necessary. Our forefathers in forming this Government, and in framing the great fundamental law for its control, encountered like differences of sentiment hi regard to the great organic law which they had undertaken to make; but with a proper respect for the judgment of each other, and in a spirit of concession and conciliation, they entered upon their work, and accomplished itharmoniously. Let a like spirit animate this Congress. Let a proper apjireciation for honest differences among each...
