International Society for Technology in Education. Paperback. Book Condition: New. Paperback. 83 pages. Dimensions: 10.9in. x 9.0in. x 0.2in. Online and Hybrid Learning Trends and Technology looks further into key aspects of designing and delivering online and hybrid learning environments. The contributors continue to focus on the instructional component of e-learning systems, looking at e- learning trends and technologies such as the management of large classes, podcasts, the educational uses of virtual worlds, and the development of virtual schools in North America and around the world. Grounded Designs for Online and Hybrid Learning The quality of the e-learning materials and experiences offered online varies greatly. Regardless of your underlying educational values and beliefs, grounded design provides practical methods that you can follow in a variety of settings.
