Humans are just simple gadgets invented to make the lives of robots easier. Then his dads boss gives them a HueManTech ETC-420- GX-2 and Henrys life is turned upside down. This human unit is like no other. It can read, play video games and, it seems to Henry, think for itself. In fact, the more time Henry spends with the ETC, the more the gadget seems less like a human unit and more like a full-fledged robot with thoughts and feelings. But thats not possible. Is it And if the ETC really is as smart as it seems, Henry cant help but wonder: Is the human just the next-generation technology or a secret government weapon that will ultimately destroy them all This item ships from La Vergne,TN.
