Brand New Book ***** Print on Demand *****.Excerpt from Outline of Education Courses in Manchester University The following syllabuses have been prepared to assist the lecture and demonstration courses given in the Department of Education and are printed for the use of students. Each of the syllabuses surveys the whole group of topics embraced under the title, but in actual delivery one or other of the Sections or Chapters may be omitted as the needs of students may make necessary. The University Press has undertaken the publication, and the volume is thus available for teachers and students not connected with the Department of Education. At the same time the authors do not present these syllabuses as in any way a complete exposition of the subject. Syllabuses of this nature can only be adequately understood by those who listen to the lectures as delivered. But as it has been found convenient to bring the material together in book form it will be a pleasure to the authors if the scheme of instruction in Education as here outlined is found of interest to those who are at work in the same field elsewhere, and it will be an additional gratification if as a result of publication they receive criticism and advice from confreres. A few lines are added in an Appendix for the guidance of students and visitors in making use of the Demonstration School, which has recently been reorganised so as to fulfil its purpose with greater completeness. Further information as to this School and as to the educational appointments connected therewith for the study of Education may be gained from the Prospectus of the Department of Education.
