Picador, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "A wildly audacious and compellingly written book. Reading The Heat of the Sun is like watching an author keep daring himself to take higher and higher hurdles and clearing them every time; he creates dizzying effects, both in his web of plot twists and in the prism of twentieth-century history through which he tells his story." Opera News "David Rain's striking debut novel is wholly original and a lot of fun. Read it and the twentieth century may never look the same to you again." John Burnham Schwartz, author of Reservation Road and The Commoner "There are passages in the novel that have a heartbreaking beauty worthy of Puccini's music." The Washington Post "This fantastic story swirls around an irresistibly charismatic 'bad boy' whose odyssey of self-definition pulls the whole world in its wake." Andrew Solomon, author of Far from the Tree and The Noonday Demon "An explosive story of friendship, a sensitive, intelligent snapshot of a watershed moment in our country's history. Rain's worthy novel is a touching, often searing tale of friendship, betrayal and love. His flawed characters are staggering beneath the weight of the past, which they carry like burdens even beyond the book's chilling, operatic conclusion." BookPage "What happened to the characters in Puccini's opera Madama Butterfly after Cio-Cio-San's suicide? Australian author Rain imagines some answers in [a first novel that is] dramatic, even operatic, and an engaging read." Booklist "Rain, who's 'far too young to be writing this exquisitely' (Bookbag), imagines what happened to the son of Madame Butterfly, Puccini's eponymous heroine." Library Journal "[The] characters and a sense of tragedy evoke American authors Fitzgerald and Styron, yet Rain's outsider worldview enriches rather than dulls the narrative, particularly in sequences set in Pacific Rim..."
