Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.I was in panic mode; I was very restless; sleep was eluding me and that coupled with other issues I had been having, meant nothing short of danger. Danger especially for my fragile mental and emotional well-being; a well-being already made very fragile by the sudden and very painful demise of my fondest and dearest sibling brother after 18 grueling years with epilepsy and mental disorders. I constantly reached out to mum and it was then that she asked me the question which sparked this other memoir of mine. What is the worst case scenario she asked? After several exchanges with her and with my shrink and another close friend, I began to layout what makes up the content of this memoir. It is my journey of fighting the FEAR within. I came to learn of two different definitions of FEAR; Fold Everything and Run or Face Everything and Rise. I recently came across another one; False Emotions Appearing Real. Yes, I largely have fought FEAR pretty much all my life and, in most of its dimensions. I think and know we each have too. Yet, I believe and hope that sharing my journey in my usual candour, and yes without fear or favour, shame or stigma, may help someone else to realize they are not alone in their own inner fights. I hope many come to realize that the worst case scenario often gets that worse first in the mind, but that with help and positive thinking, we can win such fights .
